Snow and Ice Research Group (SIRG)

New Zealand Annual Workshop

20th to 22nd February 2019
Kurow

1st Announcement

Updates will be posted on https://sirg.org.nz/
Venue and Accommodation

Kurow Holiday Park is reasonably priced, and has a kitchen adjoining a lounge set up for presentations: https://www.kiwiholidayparks.com/otago/kurow-holiday-park

The registration fee will include camping or bunkroom accommodation on site, with use of the lounge/kitchen. There are a range of other accommodation options nearby, for those willing to organise and pay for that themselves.

A conference dinner will be held off-site on Thursday 21st February.

Transport

As in previous years, we hope to arrange vans to arrive at lunchtime on Wednesday 20th February from University of Canterbury and the University of Otago.

Activities

There will be a field trip on Friday 22nd February, with vans departing afterwards for Christchurch and Dunedin in the early afternoon.

Registration

Registration will open towards the end of September, cost TBC. Details will be posted on the SIRG webpage and distributed via the SIRG email list. Early-bird registration will close on 15th Nov 2018.

Student Support

We hope to be able to cover the registration (incl. accommodation) fee for most students attending the workshop. Unfortunately, we cannot subsidise travel costs, so these will need to be met by supervisors or departments.

Students applying for support must submit an early-bird registration by the deadline. If support is not available, then the early bird registration fee will apply.

Organising Team:

Shona Mackie shona.mackie@otago.ac.nz
Inga Smith inga.smith@otago.ac.nz
Greg Leonard greg.leonard@otago.ac.nz
Pat Langhorne pat.langhorne@otago.ac.nz
Kelly Gragg kelly.gragg@otago.ac.nz
